Most Excellent Sir, Distinguished East, and Companions of all ranks,

The stats above shows an increase of 12 Companions due to field day organized by Rt. Ex. Comp. Ken Cox. I understand that some lessons were learned from the field day but the second part of the job is keeping them motivated! In the 2004 Grand Proceedings, there were 11 life members but now we are down to 2.

The office of GSE is probably the most technical of all Grand Chapter Offices. Organizational skills are required along with computer knowledge. In many jurisdictions, administrative offices are appointed and I tend to believe this thought should be given consideration.

The 2016 & 2017 PDF copies of the Proceedings are now on the website for review with the requirement to have some copies printed for various locations. Hard copies are needed at the Grand Lodge Library, Grand Historian, GSE and a copy to each Chapter.

Most Excellent Sir, I move the adoption of this report and it is seconded by Rt Ex Comp Ted Yorke.
